

NO MORE FREE AIR
FOR CAPT. HOWGATEEIGHT YEARS IN PRISON IS
HIS PORTION.

The Sentence Was Pronounced at Washington This Morning—History of Dr. Buchanan, the Wife Murderer, Who Was Executed at Sing Sing Prison Yesterday.

Washington, July 2.—Captain Howgate was this morning sentenced to eight years in the penitentiary.

Sing Sing, N. Y., July 1.—Dr. Robert W. Buchanan, the celebrated wife-poisoner, was electrocuted here yesterday. Warden Sage, at 11:26 o'clock, pressed the button and the doomed man ceased to live. The operation was pronounced a complete success.

In the early morning Mrs. Buchanan made a final and pathetic appeal to Gov. Morton to grant a stay, but his excellency, with tears in his eyes, refused. It was 11:14 when the witnesses were called to the execution chamber. All was then ready and Electrician Davis was at the switchboard. In a closed box was the convict, who, upon the signal, turned the switch. When the party was seated the electrician put a bank of incandescent lights on the chair and sent the current through them. There were 1,740 volts on the bank, and when they were switched off again the warden and two guards appeared at the door with Dr. Buchanan. He walked in without a word and took his seat. In about thirty seconds he was strapped, and in forty seconds was pronounced dead. The voltage of 1,740 was kept on for four seconds and then reduced to

forty volts, which was kept on for thirty seconds more. It was the quickest and most successful execution ever seen at this prison.

Mrs. Buchanan arrived on the train reaching here at 10:30 and was taken to the residence of the pastor of the Presbyterian church. Warden Sage sent her word that she could not see the prisoner and at the time she arrived they were already preparing him for the electrical chair.

Robert W. Buchanan, who was born in Scotland, October 17, 1862, began business as a drug clerk in Halifax, N. S., shortly after he had left school. When he was little over 21 years of age he graduated from the College of Physicians and Surgeons in Chicago, with fair distinction and returned to Halifax. There he met and married Miss Helen B. Paterson.

After a somewhat adventurous life his first wife left him and he secured a divorce, afterward marrying Miss Annie Sutherland, of Newark, N. J. The woman was wealthy but old enough to be Buchanan's mother and he passed her off as a wealthy widow who insisted on being his housekeeper. They did not live happily, and he was frequently heard by his intimate friends to make threats against the woman. On the 2d of September, 1892, she suddenly took sick after eating a hearty breakfast and a doctor was called in. The visiting physician said that she was suffering from hysteria and prescribed for her. Buchanan was seen to administer two spoonfuls of some medicine to her. On the following evening, April 23, Mrs. Buchanan died while Buchanan was out on a professional call.

He then entered upon a prolonged debauch, and in May went to Halifax, where he was secretly remarried to wife No. 1, at Windsor, N. S. He then returned to this city with her and installed her at the Hotel Hamilton, as Mrs. Fraser. Suspicions of foul play in connection with the death of his wife were aroused and were confirmed by the doctor's habits of drinking and his nervous manner. Finally, June 5, a little over six weeks after it was interred, the body was taken up and a careful autopsy was held.

The following day Buchanan was arrested and committed on a charge of murder. The trial, which was very sensational, was begun March 20, 1893. It cost the county about \$30,000. The trial lasted six weeks and April 25, having deliberated for two days, the jury returned a verdict of "guilty." Sentence was deferred until August 14, when Recorder Smyth sentenced Buchanan to death by electricity, the extreme penalty to be carried into effect during the week beginning October 2, 1893. A stay of execution was secured on an appeal, but February 25, of this year, the court of appeals sustained the conviction.

Buchanan was brought down from Sing Sing Friday, March 22, and Recorder Goff resented him to die in the electric chair during the week beginning April 22.

An appeal was made to the United States supreme court at Washington on the ground that Buchanan was robbed of his constitutional rights, owing to one of the jurors having had an attack of delirium after the case was submitted. This appeal was overruled by the supreme court Wednesday, April 17, and that ended it.

Gov. Atkinson Improving.

Atlanta, Ga., July 2.—Governor Atkinson, who was so near to death last week that his physicians abandoned all hope, is vigorous and on the march towards rapid recovery. None but the doctors and members of his family, however, are admitted to the sick room.

WIND AND HAIL.

Terrible Storm Causes Great Damage at Farmington, Pa.

Uniontown, Pa., July 2.—A destructive wind and rain storm swept down on this county Sunday evening, carrying destruction to crops and buildings. It was most severe at Farmington, where a hurricane prevailed for over an hour. Over a mile of the Western Union's wires were prostrated from Farmington eastward. In some places the poles were broken off a few feet from the ground. There was a heavy hail storm here, which completed the damage to the fruit and grain crops. The wind and hail traveled eastward along the mountain ridge into Springfield Township and Somerset County, where great damage was done. There was no loss of life.

NOT MUCH TIN.

Discouraging Reports of the Deposits in This Country.

Washington, July 2.—In an extended report on the subject of the occurrence and production of tin throughout the world C. M. Raker, a special agent of the Geological Survey, discusses the tin situation in the United States. He says: "No tin is being produced in the United States and the tin occurrences in this country are so far only of geological or mineralogical interest, with indications of prospective value in a few instances. Tin occurs at Winslow, Me., Massachusetts, New Hampshire, Connecticut, in the Blue Ridge Mountains, North Carolina, South Dakota, Alabama, Texas, Colorado and Northern California, but in small quantities every where."

Withdraws from the Senatorial Race.

Frankfort, Ky., July 2.—Gov. John Young Brown last night gave out a card withdrawing from the senatorial race. Recently family bereavements in the death of his daughter, and the untimely loss of his son, are the chief causes for his action. Grief has weighed heavily on Gov. Brown. He is for free silver, and it was his purpose to make an active canvass of the state, to begin the day before the murder of his son. Gov. Brown will retire from the governor's chair with the respect of all parties, and with the record of being one of Kentucky's most courageous and honorable executives.

Buford Monument Dedicated.

Gettysburg, Pa., July 2.—The formal dedication of the Buford monument took place yesterday in the presence of a large gathering of civic and military organizations. The ceremonies opened with an oration by General J. H. Wilson. After General Wilson's oration the spiking of guns by Major Caley, who commanded the battery, occurred. The statue was then decorated with laurel wreaths, and the firing of minute guns by battery C, Third United States Artillery, which with the mounted regimental band and two troops of the Sixth United States Cavalry had been detailed by the Secretary of War to be present.

Germany's New Tariff Law.

Berlin, July 2.—The new tariff measure passed by the reichstag early in May, have gone into effect. The most important provision is that authorizing the government to impose retaliatory duties whenever other nations discriminate against German products. Discriminating duties on goods now on the free list are, however, limited to 20 per cent ad valorem. The measure also raises the duty on perfumes containing alcohol from 200 to 300 marks, and imposes a protective duty on Quebracho wood, which is used for tanning.

Bloody Tragedy in Kentucky.

Paducah, Ky., July 2.—News has been received here of a bloody quadruple tragedy in a remote section of Trigg County last Friday night. John Rhodes and Chat Hammond were shot to death by Abithal Colston, an ex-convict, and the next morning the bodies of Colston and Mollie Smith, his mistress, were found in the road riddled with buckshot. Whether they were shot by the Rhodes boys or by the Rhodes boys or their friends may never be known. Colston was a desperado and murderer.

New Senators Want a Chance.

Washington, July 2.—It is understood the newer senators in the next session will work to have the appropriation bills distributed among a number of the committees in the Senate as in the House, so as to secure a more satisfactory representation on the committees. The older men in the Senate will as a class oppose the innovation. They assert that the change made in the method in the House has been productive of marked increases in the annual appropriations.

To Poison Insurgents.

Tampa, Fla., July 2.—Captain General Campos is said to be preparing an expedition, or convoy, which will be supplied with large quantities of poisoned food and defective cartridges loaded with bullets but with no powder. It having been the custom of the insurgents to capture a number of the convoys it is hoped that these will also be captured and the food taken by the Cubans.

Party of Cubans Detained.

Jacksonville, Fla., July 2.—A special from Key West announces the arrival of the British schooner Attica, Capt. J. Arteaga, forty-four tons, from Nassau. The health and custom authorities on boarding her found the vessel without a manifest, crew list, passenger list or consular bill of health. DARK PLOTS MADE
AT PENDER, NEB.NEBRASKA AUTHORITIES ARE
FRIGHTENED.

It Is Believed That Farmers in the Vicinity of the City Are Conspiring to Remove Objectionable Persons, and Protect the Murderers—Indian Land Trouble.

Pender, Neb., July 2.—It is believed here that a conspiracy has been formed right in this county for the perpetration of a crime as shocking as the recent Barrett Scott lynching in Holt County. A meeting was held at the school house, about seven miles from here, Saturday night, and about sixty lessees of Indian lands congregated and held a secret meeting of some kind and for some purpose not known to the public. There are conflicting rumors as to the object of the meeting. One report is that the farmers were meeting to take steps in a body against paying notes given to the Flournoy Company, because that company has failed to give them peaceable possession of the lands. Another theory is that an association was formed to forcibly resist removal by the Indian police. The latest and most sensational rumor is to the effect that at least two men at the reservation are to be "removed." When all the circumstances surrounding the reservation troubles are considered the last version of the matter seems the most plausible. The men who have leased lands from the Flournoy Company and have given notes, secured by mortgages on the crops, well know that these notes are due in the hands of innocent purchasers and will be collected in spite of all the organizations they might form. These men also know the inevitable result of resisting the police. Different lessees say Beck would be glad to have them kill one or two of his police, so he could ask for and receive troops from Fort Omaha. Those who are familiar with the matters on the reservation fear that a crisis is near.

Sioux City, Iowa, July 2.—Captain Beck is in this city and he says he has no fear of the farmers, but he will go among them to-day. He said all possibility of a compromise is at an end, and that it will be war to the death.

POISONS HER CHILDREN.

Indiana Mother, While Despondent,

Commits a Horrible Crime.

Jeffersonville, Ind., July 2.—When the sister of Mrs. Benson Bennett visited the latter's house yesterday she found a horrible sight. Mrs. Bennett and her two children, Homer, 6 years old, and Lotta, aged 12, lay upon the bed. The children were dead and the mother was in the agony of a deadly poison. Physicians were called, but Mrs. Bennett is probably beyond all help. She had poisoned the children, who had evidently been dead for several hours, and, after watching them die, had taken the poison herself. She is the widow of Benson Bennett, who defaulted as Treasurer of Clark Lodge, Brotherhood of Firemen, and who committed suicide some time ago. Mrs. Bennett had left a note sticking under the door, directing that her sister, Mrs. Ganate, and the Coroner be notified. The note was dated Friday last.

Victory for Denver Aldermen.

Denver, Colo., July 2.—The State Supreme Court yesterday handed down an opinion that holds that the levying of a license by the Denver City Council on all occasions is entirely legal. In 1896 the council passed an ordinance placing a \$10 tax on all street cars. This amount was afterward increased to \$25. The Denver City Cable Railway was the first corporation to refuse to comply with the terms of the ordinance. Its representatives were arrested and fined and were ordered to pay the tax of \$25 on each car owned by them. The defendants appealed. Although the Supreme Court's decision does not specify directly what articles or occupations the council may tax or license, it is plainly inferred that the city fathers have limitless power and may pass ordinances compelling every line of business, trade, or occupation to pay an annual license fee.

Fail to Select a Minister.

Honolulu, June 25.—Per Steamer Australia Via San Francisco, Cal., July 2.—On June 20 the Senate met and indorsed all the appointments made by President Dole with the exception of that of W. R. Castle. The matter was finally referred to the Committee on Foreign Affairs. Although the committee has not made its report, it is understood it will recommend Castle's confirmation. In the event of adverse action by the Senate, Hastings will not likely be named as Minister, but the probability is that F. A. Hosmer will be chosen.

The government of Bulgaria has requested the Turkish government to explain the orders issued to the commander of the Turkish troops at Adrianople to act on his own initiative along the Bulgarian frontier. At the same time the Bulgarian government has notified the Porte that the duty of watching over the security of the frontier compels Bulgaria to take the military measures required under the circumstances.

News has been received here that two bands, composed of seventy-five men and one hundred men respectively, have crossed the Bulgarian frontier into Turkish territory, where they captured two Turkish soldiers, who were taken across the frontier to Dubnitsa, Bulgaria, twenty-two miles south of Sofia. One man was wounded.

Disastrous Fire at Paris.

Paris, July 2.—One of the most disastrous fires in years occurred in Godillot's military outfitting establishment between the Rue Rochecouart and the Rue Condoret yesterday. The water failed, and it was only possible to some extent to prevent the fire from spreading, but several houses in the vicinity were burned. One fireman was killed and fifteen were injured. Two thousand people are thrown out of employment and 275 poor people are left homeless. The property was insured for 1,000,000 francs. It is estimated that the fire will cause damage of 2,000,000 francs. A repulsive aspect of the terrible event was the presence of a crowd of thieves, who ransacked the neighboring houses, frightening the inmates and seizing the things portable.

He recently escaped from jail at Eddy, N. M., fleeing to Mexico with his wife. She deserted him and he has since been trying to persuade her to return to him. To this end he enlisted the services of an El Paso lawyer and a meeting of the couple was arranged opposite this city on the Mexican side. As his wife was not at the appointed spot Rose ventured across the bridge. The lawyer had given a tip to the authorities and two marshals, anxious to secure the reward, were waiting for him. When they sprang forth he fired at them. They returned the compliment, putting four bullets into him, killing him instantly.

INDIANA LAWS IN FORCE.

Saloon-Keepers Disposed to Ignore Nicholson Temperance Act.

Indianapolis, July 2.—The governor's proclamation was issued yesterday declaring the laws passed by the last legislature in force. One is excepted—the law taking the power to appoint the statehouse custodian out of the hands of the governor. In some places in the state there is a disposition to ignore the Nicholson temperance act, but the Brewers' association has advised saloon-keepers to observe the law until the Supreme court has passed on it. The Nicholson law places all saloons on the ground floor, eliminates all musical features, and separates the saloon from any other business, including pool and billiards; grants but one license to one applicant, and takes down the screens and defeats a license application by the majority of the residents of a ward signing a remonstrance.

NO LICENSES SOLD BECAUSE OF A LAW

COUNCIL HAD TO DEFER ACTION UNTIL TONIGHT.

School Appropriation Cut Down—Sewerage Committee Is Increased—City Must Pay the County \$8,746.66 on Licenses—Fifield Brothers Get the Cedar Block Contract.

The common council did not grant licenses last evening, although forty-two saloon keepers had deposited \$500 each with the city treasurer. It was discovered after the council met, that all saloon licenses issued on or before July 1, should expire on July 2. Therefore, the applications were referred to the judiciary committee, the mayor stating that they would not be acted upon at this meeting. Very little business outside of routine work was considered. The mayor presided, and all the aldermen were present except Aldermen Heddles and Inman.

Alderman Stearns, of the school committee, submitted the following report, which was unanimously adopted.

"The committee on schools having under consideration the report of the board of education of the city of Janesville, return the same with the recommendation that the sum of \$21,000 be raised by taxation, and set apart for the school fund for the ensuing year.

"While your committee recognize that the common council can not control in any way the employment of teachers, that matter being solely within the province of the board of education, we desire here to say that we believe that so far as it can be done, employment should be given to the graduates of our high school."

City Owes The County \$8,746.66.

Alderman Hemming of the finance committee reported in favor of allowing numerous bills against the several funds, which was concurred in. He also stated that the committee had made investigation of the matter and found that the city was indebted to the county on account of the license fee, \$8,746.66 and that according to agreement the city must pay one-half this sum on or before July 15. He moved that an order be drawn on the treasurer for that amount, which was adopted.

The appointed by the mayor of Walter Houghton as special policeman, was on motion of Alderman McLean, confirmed. There was only one bid presented for furnishing cedar blocks that being from Fifield Brothers, at 17 cents per post and the contract was awarded to that firm. The June report of the judge of the municipal court was presented, found correct and placed on file. Nine of the local druggists filed their applications for permits to sell liquors which was referred to the judiciary committee. The clerk read a petition from a number of property owners for the change of name of Bluff Terrace to South Bluff street, and for the establishing of grade between Racine and Clark street, providing for a driveway twenty-six feet wide. The petition was granted. The profile and grade of Cherry street, from North street to Western avenue, was adopted as reported by the city engineer.

Alderman Smith of the gas committee, reported in favor of placing an electric light in Court House park, which was concurred in.

CLASSES GRADUATE AND TEACHER WEDS

MILTON JUNCTION PEOPLE WERE SURPRISED.

After the Commencement Exercises Were Held, Miss Thorpe and Earle Kelly Were Quietly Married—Milton Pleased by the Result of the Ball Game—County News.

MILTON JUNCTION, July 2.—The commencement exercises of the high school passed off in fine shape, everyone doing well. The day was fine and a large crowd was in attendance. The church was handsomely decorated and the music was excellent. The first speaker, Harold Burdick, gave a fine oration on "Municipal Government." Mr. Burdick is a natural orator and spoke in a plain, energetic style. Miss Gertrude Vollner followed with a biography of Alexander Hamilton, which was very interesting. The recitation "Mona's Waters," by Mary Livingston, was delivered without a break, and in a manner with which no fault could be found. Miss Livingston's gestures were very graceful, and she carried the audience with her from beginning to end. Fayette Coon spoke upon "One Side of a Popular Question," taking the side of free silver, and as one of the professors of Milton college said: "That though he did not agree with all he said, the orator showed that much study and research had been spent on it, and that it was well delivered," while many say that none could disagree with him. Roy Brandt spoke on "The Test of Character." This was a fine oration, and was well received by the audience. "Foxes' Tails" was a recitation given by Mrs. Edith Palmer. If one could judge by the storm of applause which followed this effort, one would know Miss Palmer was a good elocutionist, and a favorite with Milton Junction audiences. Superintendent Thorne presented the diplomas and first grade certificates to Ray Brandt, Fayette Coon, Gertrude Tollmer and Harold Burdick. During the afternoon of Commencement day, one of the teachers of the school, Miss Lizzie Thorpe together with Earl Kelly, quietly wended their way to the residence of Rev. Stephens, who then and there said the words which made them husband and wife. Miss Allie Button and Ray Cole acted as witnesses. The happy couple received the congratulations at the entertainment in the evening. It was quite a surprise to many. Geo. Walters Jr., of Albion, came over to see his friend Fay Coon "orate" Thursday as also did Hallie Todd of the same place. Miss Rena Cottrell entertained a party of young people Saturday night in honor of Ethel Davis who expects soon to leave this place. Mrs. Jonsson of California and Mrs. Crumb of Milton visited at Mrs. J. W. Babcock's Saturday afternoon. Mrs. J. T. Polk of Gresham, Ind., has been visiting relatives the past week. Miss Polly Chamberlain started Monday for St. Louis to visit her brother. Mr. and Mrs. J. S. Mills gave a birthday party for their daughter, Lulu, Monday. Albert Burdick and wife of Albion were callers in town Saturday afternoon. Doud Starks and wife of Utica attended commencement at Milton and Milton Junction the past week. Mrs. Charles Williams and son Glenn of Albion attended commencement Thursday. Rev. D. B. Coon and wife of Berlin, have been visiting relatives in this vicinity the past week. Professor P. Clarke and wife are spending part of their vacation at George Buten's. H. Clark of Berlin, Wis., is visiting his daughter, Mrs. Maxson. Bert Button and wife entertained company from Janesville Sunday. Rev. J. T. Davis of California preached at the S. D. B. church last Sabbath. The largest crowd that ever tried to enter I. O. G. T. hall, filled it to overflowing at the school entertainment Thursday night, and although they had only two weeks preparation, every thing went off in first class style, and no one felt but what they had had their money's worth. Mrs. Mary Randolph and Mr. Stiffens were married at the residence of the bride Saturday night by the Rev. George W. Burdick. Mrs. Randolph's two sons and her daughter-in-law from Utica attended the wedding. Mrs. Randolph of Janesville was up to attend the close of school. The school held a very enjoyable picnic at Clear Lake Friday. Mrs. Elmer Barnes and her sister Nellie Southwaite visited relatives here Sunday. Mrs. Wardner returned from Chicago Friday. She is feeling some better but will go again in September. Dr. Wardner of LaPorte, Ind., accompanied her home. The Advent church held quarterly meetings here the past week.

MILTON "CROWS" OVER CLINTON.

Base Ball Team Are Enthusiastic Over the Victory—Other News.

MILTON, July 2.—The game of ball between Milton and Clinton, at Janesville last Thursday, was the event of the season in base ball circles. An excursion rate was secured on the St. Paul road, and a coach was furnished for the players and spectators. Fully two hundred people from this village, Milton Junction and the surrounding country, were included in the five hundred who witnessed the game. It was the most interesting and exciting game that Milton ever took part in, and when the home team won hands down in the ninth inning, the air was rent with cheers. The winning club came home with \$50 as their net share of the gate receipts and glory enough to last them through the century. Tomorrow, the Fourth, the

Madison "Corkers," a first class team, play the Miltons for a purse of \$25. We need the money here, and our boys intend keeping the lure from going to the Capital city. The Corkers have a two-hundred pound pitcher and a hundred-pound short stop who play fast ball. Game will be called at 2 o'clock. Every body is invited. Miss Anna Tompkins came home from Milwaukee Saturday to spend her summer vacation. She will remain in her present position in the city schools for another year. Dr. J. M. Stillman started Monday for the east. He will stop at Alfred, N. Y., to visit his aged father and then go on to Dayton, Florida, where his daughter Miss Clara, is living. E. B. Saunders and family who have been spending some months in New York state, returned Friday. Fred Hamilton Bond recently graduated with high honors from the law department of the University of Iowa. Miss Davidson is closing out her stock of untrimmed hats at cost. Charles H. Ferris, late of St. Paul, now a member of the Creamery Package Company of Chicago, was in town Friday shaking hands with friends of boyhood days. Children's Day was observed at the Seventh Day Baptist church Saturday morning. The orchestra and pulpit platform were banked with ferns and flowers, making an attractive display. The exercises were appropriate to the occasion and all who took part acquitted themselves creditably.

The Newswy Lima.

LIMA, July 2.—Wesley Garlock has a new bicycle. Mrs. Fred Kutz's many friends are glad to hear that she is gaining, though slowly. M. F. Gould and the Misses Jenny and Marshall spent Sunday in Janesville. Mrs. Wurster entertained a friend, Mrs. Jones, of Philadelphia, last Friday. Mrs. E. Elliot returned to Chicago last Saturday. Will Collins' youngest daughter Jessie, is quite sick. Rev. Thayer has been relieved of pastoral duties for the next two weeks, on account of poor health. Norman Freeman will serve ice cream Wednesday evening. Mrs. Cowles returned from Milwaukee Monday morning. Amos Gould had a cow killed by lightning last week. The town insurance gave him \$30. Misses Josie and Ella Barker visited their friend Maud Ward in Ft. Atkinson last week. A company of young people from Utica's corners, gave the play, "Out in the Streets" to a fair sized audience, Monday evening. Miss Carrie Johnson at tending the yearly meeting of the Free Will Baptist church, at Honey Creek.

MONTEREY IS A CITY FULL OF ENERGY

PLENTY OF LOCAL FRIDE AMONG ITS PEOPLE.

Names of the Old Timers Are Familiar Throughout Janesville—Merchants Who Are Very Much Alive to the Main Chance—Suburban Notes of Interest.

If any one part of the city more than another has had a new lease of life, from both the business and the residence standpoint, it is that thriving portion known as Monterey. For some time past numerous investments have been made in Monterey property until now the best lots are held at good prices. On Western avenue and Academy street property is held at good round figures, especially when near the corner of Center avenue. Here four business blocks now stand, while there are also business houses on South Academy street. One of the first merchants to locate in this district was August Lutz whose place is situated on South Academy street. He opened his doors in 1878, besides his own building he owns the adjoining block, which has been occupied for a year by Max Gramke & Co. as a meat market.

Some of the Old Timers.

Paul Rudolph, at the corner of Center and Western avenues, is known the city over. He started in business at the corner of Western avenue and Linn street in 1878, but afterwards moved into the block which he now owns, at the corner of Western and Center avenue.

The only blacksmith's shop in Monterey was built a year ago by William Kuhlman, at the corner of Center and Western avenues. W. C. Kammer has been there longer. He started in the meat business at the corner of Western and Center avenues in November, 1889. Mr. Kammer has recently built a handsome two-story business block on the opposite corner, which he expects to occupy soon.

In 1891 L. Buggs & Bro. bought the property at the corner of Western avenue and Linn, and at once began a handsome two story block, which they now occupy as a grocery store. The Vobin grocery firm is a new undertaking of late which is situated at 303 Western avenue. About the first merchant to locate in Monterey, however, was John Abendroth, who first started in the shoe repairing business at the corner of Western avenue and Linn streets, nineteen years ago. He afterwards moved across the street, and if now comfortably situated at 407 Western avenue. Charles H. Quade, who is situated at 357 South Academy street, in the shoe repairing business, worked for John Falter four and a half years, and started in business for himself in 1886.

Disappointment to Some.

Its too bad we couldn't have had a celebration in the city Fourth of July. There will be many people who will not have a chance to have a good time on this account, and the only way we can suggest to these people is to come down and see us the day and evening of the 3rd, we have got a subject that is a comfort to listen to and to talk of. We will cheer you up and show you why it would be better to come and witness in a pair of shoes at the prices we are selling at, than to attend all the doings around the country. 50 cents on the dollar saves you money, don't forget that. Becker & Woodruff.

They look exactly like linen, wear well and being waterproof do not wilt down with heat and moisture. Every piece of the genuine is stamped like this:

Ask for these and refuse anything else if you wish satisfaction. Obstructions on the Highways

Are sometimes allowed by the authorities to remain too long, but when that important outlet to the refuse and debris of the system—the bowels—become obstructed, Hostetter's Stomach Bitters promptly restores the bowels to their normal condition, without creating any abdominal disturbance in the way of griping, an unpleasantness always produced by a drastic purgative. No permanent, decisive relief from constipation can be obtained through the agency of a violent cathartic. Mandrake, blue pills, salts and senna and calomel, while they evacuate the intestine, weaken and partly unfit it for future usefulness. Hostetter's Stomach Bitters, on the contrary, invigorates the whole abdominal region and promotes a regular secretion and flow of bile. Use this time honored remedy also in malaria, dyspepsia, rheumatism, nervousness, in cases of debility, and for kidney trouble. It cures both appetite and sleep.

Narcoti-Cure

It Cures while You Continue the Use of Tobacco.

The greatest discovery of the age!

A certain, pleasant, permanent cure.

A lifetime's suffering ended for \$5.

Why smoke and spit your life away? Why suffer from dyspepsia, heartburn and drains on your vital forces?

Stop using tobacco, but stop the right way

Drive the nicotine from your system by use of this wonderful remedy.

Narcoti cure is warranted to remove all desire for tobacco in every form, including Cigar, Cigarette and Pipe smoking, Chewing and Snuff Taking.

Use all the tobacco you want while under treatment, and in from four to ten days your "hankering" and "craving" will disappear—the weed won't taste good. Then throw away tobacco forever.

Narcoti-Cure is entirely vegetable and free from injurious ingredients. It never fails to give tone and new vigor to the weakest constitution.

Remember Narcoti-Cure doesn't deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With Narcoti-Cure, when you are through with tobacco you are through with the remedy. One bottle cures. Send for book of prominent testimonials like the following:

HUNTINGTON, Mass. Mar. 13, 1895.

The Narcoti Chemical Co., Springfield, Mass.

Gentlemen:—I have used tobacco for over twenty-five years, chewing and smoking every day from 7 a. m. to 9 p. m., stopping only for meals.

On Monday, February 4, I called at your office in Springfield, and bought a bottle of the Cure which I used as directed and on the tenth day the desire for tobacco had left me and has not returned.

I did not lose a meal while taking the cure. My appetite has improved and I consider Narcoti-Cure a grand thing.

Very respectfully,

CHAS. I. LINCOLN.

Mr. Frank H. Morton, of Chicopee Falls, Mass., late Inspector of Public Buildings for Massachusetts, says:

No More Crinolines.

We had hoped better things of Fashion, but nothing seems able to stop her on the road of extravagance down which she is slipping. Skirts and sleeves are pyramidal, and a large-sized pillow would hold within the folds of a balloon sleeve. One thing, however, saves modern fashions from being utterly ungrateful—stiffness is banished, skirts hang in soft folds, and sleeves are loosely draped without a soupcon of crinoline or buckram. In fact, in this consists the novelty of the season's toilets. They repudiate all stiff linings, and the triumph of a good modiste is to accumulate hollow plaits and drooping folds without the aid of any artificial support. Of course, there must be underskirts, and we shall certainly see a return to flounced starched petticoats, but the dress itself stands on the strength of its own material. The only linings used are thin silk or satinette.—Ex.

THIS DAY IN HISTORY

1644—Battle of Marston Moor.

1721—Frederick Theophilus Klopstock, German poet, was born.

1850—Sir Robert Peel, British Liberal statesman, died; born 1788.

1881—President Garfield shot by Guiteau in the railroad station at Washington.

Garfield was attacked while passing through the ladies' waiting room to join a party for an excursion in New England. The weapon used was a pistol, from which two bullets were fired. One bullet took effect in the president's back. The assassin had been promptly seized at the moment of shooting and proved to be Charles J. Guiteau, a persistent but disappointed applicant for office.

When formally placed in arrest, he exclaimed: "All right. I did it and will go to jail for it. I am a stalwart, and Arthur will be president."

1892—Labor troubles of a serious nature in many parts of the United States.

A DEFICIT OF \$112,250,000

Nothing but deficits come in sight in the reports of the National fiscal year just ended.

The treasury deficit for the fiscal year just closed is approximately \$43,250,000. This, added to last year's deficit of nearly \$70,000,000 makes the excess of expenditures over receipts since June 30, 1893, about \$133,250,000. The postal service deficit is \$11,000,000, which is considerably in excess of any other year.

People are beginning to realize what a democratic administration costs.

Brimful of energy and vigor are the two Janesville suburbs, Spring Brook and Monterey. Hardly suburbs either, for both are component parts of the best city in Southern Wisconsin, but each has a life of its own, and each abounds in local pride. The Gazette news columns from day to day give Spring Brook and Monterey interests, faithful representation, and the business men are beginning to look toward these parts of the city with fresh interest.

At a frightful cost, Wall street was bought off from raiding the government gold vaults. The agreement lasts until October. In October the men whose pockets are lined with millions of blood money will be the first to hammer down national credit. Sound financial legislation instead of temporary Carlisle expedients, would have saved the country a great deal of money.

It may surprise several Janesville clergymen to find themselves liable to \$35 fines for violating the state laws. By statute they are required to file marriage certificates at the court house within thirty days. This law is obeyed to the letter by very few, but a test case just begun in Milwaukee may stimulate the laggards throughout the state.

Selling bonds to a syndicate at 104 and seeing them transferred to other holders the next day at 132 will not establish Mr. Cleveland's financial reputation. The more his new York bond sale is examined the more it looks like a very one-sided transaction.

"As long as we follow Cleveland we shall be in a hopeless minority," Colorado Democrats declare. There is little doubt that resolutions denouncing Cleveland and Carlisle will be adopted in the state convention this week.

WHEELMEN ON A LONG JOURNEY

La Grange, Ill., Riders Here On Their Way To Reedsburg.

Two wheelmen who looked a trifle "the worse, for wear" came up South Main street last evening at 10:30 o'clock and at once went to the Highland House where they registered as A. V. Corliss and C. N. Amesbury of La Grange, Ill. They left La Grange yesterday morning at 6 o'clock and pushed out with the hopes of making Janesville by night. They stopped two hours at Arlington Heights for repairs and at Barrington for dinner, and then came to Janesville via Crystal Lake and Harvard. While seven miles from Clinton, they could hardly find their way it was so dark, and Corliss ran into a log, breaking his rear tire so they had to hire a farmer to bring them into the city. They left this morning for Reedsburg, where they will visit relatives for a week.

ORGANIZE THE CHICAGO BARBERS

M. H. Whittaker Explains The Benefit Of The International Union.

To organize the Chicago barbers into a union was the small piece of work that Marion H. Whittaker of this city cut off for himself to do, and he returned much encouraged at the outlook. Mr. Whittaker, being a member of the executive board of the International Barbers Union is, therefore one of the national organizers and reading in the Chicago papers that the Chicago barbers were to meet he decided to attend the meeting and explain the good points of the International Union hoping that the Garden City knights of the razor would affiliate with that body. In this he was fairly successful, as a committee was appointed to agitate the matter with a strong probability that they will succeed. The meeting was held in Ulrich's hall and was quite a spicy session. The Chicago papers devoted some space to the proceedings, as the lady barbers were on hand to insist upon their rights. It was said that the men were going to have the Honorable Bath House John Coughlin introduced in ordinance in the somewhat celebrate common council of the Windy City, to prevent them from working at the trade.

Miss Ollie Lee championed the cause of the ladies and they had a hot argument.

"For twenty minutes you couldn't hear a thing but cheers, cat calls and hisses" said Mr. Whittaker and the session was a good deal more lively than the newspapers pictured it. The alleged resolution did not go through and in fact the large majority of the men seemed to favor the cause of the women. Some of the men in the back part of the hall hissed during the speech but the majority of them kept silent.

The object of the meeting was to perfect an organization that could enforce the Sunday closing law recently passed by the Illinois legislature. There is no union in Chicago at present, the old organization having gone to pieces about two years ago.

"They formed a sort of a local organization at the meeting" said Mr. Whittaker this afternoon "but the details were not all perfected and they will meet again next Sunday afternoon to make further arrangements."

PASTORS DO NOT KEEP THE LAW

Some Local Clergymen Liable to \$25 Fines For Their Laxness.

It wouldn't look well to see Janesville pastors brought up in court and fined \$25 for violating the state laws. Such action is not impossible however, if the test case in Milwaukee amounts to anything. In Janesville as in other cities some of the pastors fail to record marriage certificates with the register of deeds within thirty days. A Baptist pastor in Milwaukee has been doing the same thing and Register Kempf has finally begun proceedings. The law provides a fine of \$25 for each offense.

TOWN OF JANESVILLE IS "DRY"

Reports Say That The Supervisors Will Refuse To Grant Licenses.

It is said that the town of Janesville board of supervisors on Saturday refused to grant licenses for the sale of liquors in that town, which, if true, will prohibit its sale at the up river parks.

THE JOURNEY OF LIFE IS ENDED

Mrs. Mary Carroll

Mrs. Mary Carroll, wife of Richard Carroll, died at the home of her husband's father, Phillip Carroll, one mile west of the city at 5 o'clock yesterday afternoon, aged twenty-two years. Consumption was the cause of her demise, she having been a patient sufferer with that disease for some time. Her husband is employed in Chicago and Mrs. Carroll had been the guest of her husband's father for about six weeks. The funeral will be held from St. Patrick's church at 9:30 o'clock tomorrow morning, and the interment will take place at Mount Olivet.

CITY SHOULD HELP A HOSPITAL.

Jail No Place To Take a Man Who Is Injured.

Janesville is now without a hospital or place where a poor man can be taken to be treated. The need of such a refuge was aptly illustrated last night, when William Myers, who had been injured at the railway crossing, was taken to the county jail, because there was no other place for him to go.

At Oak Lawn charity patients were cared for the same as those who paid and this question is the one now bothering the directors. Were it not for these patients, the hospital would be self-sustaining, but the donations have not been sufficient to pay the expenses with the numerous charity cases that have been admitted.

The same question will be considered by the physicians in connection with Dr. Palmer's proposition in relation to the Palmer hospital. So far but one plan has been suggested that will be sure of success and that is that no matter which hospital is thrown open, the city or county shall appropriate a sufficient sum to pay the expense of the charity cases.

DR. HORNE FAVORS W. HOUGHTON

"Is It a Crime For a Policeman To Be An Englishman?"—Mayor's Course Endorsed.

Dr. William Horne writes to The Gazette about the appointment of Officer Houghton. He says:

"There seems to be some discontent about the appointment, but I have talked with a number of our best business men and they to a man approve the appointment. Two of them said he was the best man added to the police force in years. If it is a crime to be an Englishman turn him out. I am much above an average tax payer and watch city matters pretty closely. I endorse Mr. Houghton as a fit and highly proper man for the position he has just obtained."

Picnic For You.

The annual picnic opens today and lasts until sun down July 4. The chief attraction will be the sale of those white kid oxfords at 46, 72 and 94 cents. Its an awful slaughter but who cares. We are willing to make it a bargain season for you. Brown Bros. & Lincoln.

Up To Date.

Leather has gone high in price but we can sell you shoes at the same low price. We are selling shoes of today, not of yesterday. Last year's potato crop is a back number. Not so with our shoes, they are up to date and we will undersell any house in the state. Brown Bros. & Lincoln.

WHAT TO THANK GOD FOR

"I have been a dyspeptic fifty years, thank God for it!" exclaimed an old clergyman. Why this burst of gratitude? Because his brothers had good digestions, which they ruined at last with high feeding, and all died of gout and kidney disease. He could eat but little, and so lived feebly—and long. His brothers did more work in their short lives than he in his long one.

But what of it? Who wants to dwell inside of an iceberg to keep from being sunstruck? We desire neither dyspepsia, gout, nor nervous prostration. Yet we Americans are getting to have all three with a vengeance. We work and fight for all we are worth to make money, (succumbing or falling as may be) and are then snuffed out early by some nervous disease or by quick consumption. Politicians, doctors, lawyers, ministers, teachers, business men—are taking that short cut to the grave. Why? How? Let a great Scotch physician (who went the same road himself two years ago) explain:

He says: "Nervous maladies are of modern origin. They arise from that almost universal ailment, indigestion, with its symptoms of impaired appetite, sickness, vomiting, flatulence, heartburn, acid eructation, colic, constipation, etc. The diseased stomach cannot supply the brain and nerves with the necessary pabulum; and then the liver, and finally the whole organism breaks down."

"Then you have it—plain as a primer—the who—deadly process. Now it is to stop this business at its fountain-head, the stomach, that the Shaker Dige-tive Cordial has been prepared and is now before the public by the Shaker Community of Mt. Lebanon, N. Y. It is not a mere 'tonic' or a sedative. It doesn't propose to dull the sense of disease but to remove the cause of it—indigestion, dyspepsia. It promotes a free flow of the natural digestive juices, abates inflammation of the mucous membrane, prevents fermentation, and sends the digested food on to nourish the body."

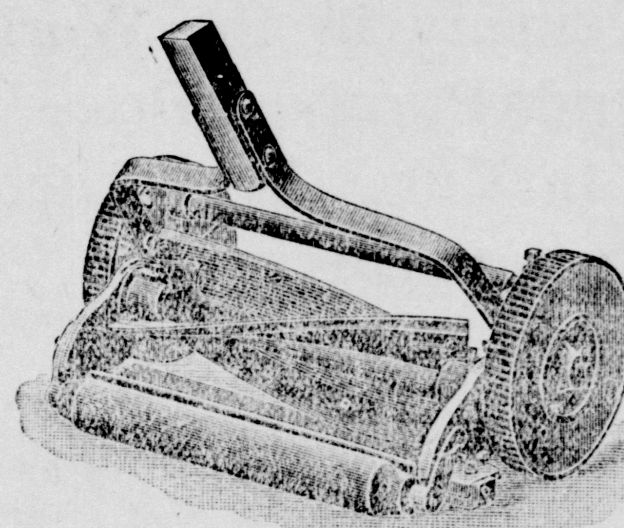

No, no, don't thank God for dyspepsia. You are not likely to, after a taste of it. Thank Him for a strong, alive, capable stomach, sensibly used. Then thank the Shakers for a medicine to make it so.

Trial bottles (immediate effect) ten cents; at almost all druggists.

KEG BEER GUZZLING IS TO BE STOPPED

BAD GANGS FREQUENT THE RIVER BANKS.

Officers Have Kept Close Watch of the Territory Inside the City Limits, and Now the Local Saloon Keepers Volunteer Their Assistance—Other Police Stories.

The police have new allies in their crusade against up-river Sunday beer parties in the person of a number of the Janesville saloon keepers who are quietly at work to put a stop to the Sunday beer drinking along the banks of the river. The saloon men claim that this kind of revelry on Sunday is the cause of nine-tenths of all the trouble laid at the doors of the saloons. They say that boys and young men purchase beer by the keg, take it up the river, to some shady place where it is drunk, the party all becoming intoxicated and in that condition to stagger back to the city through the streets and to their homes. Not only this, but it is not infrequently that these beer drinking parties, while lining the river banks in an intoxicated condition insult ladies, and gentlemen passing on the steamers and stone the row boats. The officers of the city and those of the town of Janesville ought to be instructed to patrol the river banks on Sunday and break up these parties, and thus abate what has become a great nuisance to respectable people.

The Janesville police kept close watch of the up river territory inside the city limits but outside of the limits they have no jurisdiction.

Beer Club Officers Jailed.

Ernest Beyers, who is said to be the president of the "River Street Beer Club," fell into a convivial crowd last night and imbibed too freely, in fact, he partook to such an extent that he was unable to properly care for himself and was sensible enough this morning when introduced to Judge Phelps by Chief of Police Acheson, to acknowledge the fact. Beyers was given permission to board at Mr. Appleby's summer hotel for five days.

Michael O'Riley who won distinction as a chum of the presiding officer of the aforesaid club, also acknowledged that he had taken a little too much of the club's favorite beverage for his own personal safety, and was given three days board at the same popular resort.

Ben Dixon, the young man who filed the ball-and-chain from his leg while at work on the jail wood pile yesterday afternoon, was found by the police last night and again locked up.

TO TRY TO GET THE STATE MEET

Janesville Riders Want the State Competition to Occur Here.

Janesville cyclists will make an extra effort to get the state race meet next year. This year's races will be held at Marinette on August 16 and 17. The meeting was held at Ripon last year and was attended by hundreds of wheelmen from all parts of the country, and although the expenses are large, being some \$3000, local men say there is no better race course in this part of the country, than the Janesville mile track, and this city can accommodate the crowd.

Nat riders throughout the country take part, and there is little doubt, if the meeting can be obtained for next year, but what it would draw thousands of people to the Bower City. The races are under the auspices of L. A. W. which is a sufficient guarantee of their excellence.

GOSSIP OF THE DAY IN TOWN

The first \$5000 installment of the insurance on Dr. Henry Palmer's life was paid today. C. C. Bennett agent for the Equitable Life Insurance Society of the United States, better known as the "Equitable of New York" received the company's check and made arrangements at once for its delivery. The check was on the Metropolitan Trust Co. and was payable to Mrs. Edna A. Palmer. The Equitable is widely known for its promptness in paying death claims, there being no delay of sixty or ninety days after the filing of proofs. On account of the promptness and reliability of the company Mr. Bennett has been enabled to write a large line of insurance among Janesville business and professional men.

There were one hundred ministers, fifty teachers and seventy-five delegates in attendance.

DEBATE OVER \$6000 BETWEEN CITY DADS

SCHOOL COMMISSIONERS ANGRY AT THE COUNCIL.

Paring Down of the Estimate Made by the Board of Education, Causes Hot Words—President Goldin Says That Aldermen Have Exceeded Their Powers.

School commissioners are in revolt over the council's action in cutting down the school appropriation \$6,000. There is talk on the street of one or more resignations.

The board sent in a resolution requesting the council to raise \$27,000 for the support of the schools the ensuing year. This the council referred to the committee on schools, and the committee last evening recommended that only \$21,000 be raised. This report was adopted by a unanimous vote.

Members of the school board, of course were very angry. President Goldin declared this afternoon that the law gave the council no right to interfere, and that if commissioners were expected to obey the whims of aldermen he was ready to call a halt. In case any resignations are seriously contemplated, however, nothing will be done before Friday.

The school board will hold a regular meeting Friday evening, and this matter will come up. It is intimated that steps will be taken to have the \$27,000 put in the tax levy instead of \$21,000. Some aldermen however say the appropriation for the new high school is too high and that \$21,000 is enough.

of this disease. I visited Hot Springs and was treated by the best medical men, but was not benefited. When all things had failed I determined to try S.S.S. and in four months was entirely cured. I have often recommended S.S.S. and have never yet known a failure to cure.

COLOR SUGGESTIONS.

What Colors Make Good Combinations.
Skirts and Blouses.

The following general rules on color effects in dressing are taken from a trade catalogue: Red and violet do not accord well. Orange and yellow accord incomparably better than red and orange. Orange and green do not accord well. Orange and violet accord passably. Yellow and green form an agreeable combination. Greenish yellow and violet blend nicely. The arrangement of yellow and blue is more agreeable than that of yellow and green, but it is less lively. Green and blue produce an indifferent effect, but better when the colors are deep. Green and violet, especially when light, form a combination preferable to green and blue. Red and green intensify each other. Orange yellow when placed by the side of indigo increases its intensity, and vice versa. Yellow and indigo combine perfectly. Red and orange do not accord well. Red and yellow accord well, especially if the red is purple red rather than scarlet, and the yellow rather greenish than orange. Red and blue ac-

WALKING COSTUME.

cord passably, especially if the red inclines rather to scarlet than crimson. Blue and violet accord badly. Black never produces a bad effect when it is associated with two luminous colors. While gray never exactly produces a bad effect in its association with two luminous colors, yet in most cases its assortments are dull. Blue when placed by the side of orange increases the latter's intensity, and vice versa.

It is related that the ancient Roman ladies, who were luxurious in the extreme and required the services of not one but a score of maids in matters of the toilet, sometimes dyed their hair blue. How soon history will repeat itself in this respect is a question for mathematicians and scholars to settle.

The walking gown shown in the sketch is of beige wool goods. The bodice skirt is plain, while the blouse bodice has a deep yoke in front, defined by shaped pieces of guipure, below which are two full panels of blue satin let in on either side of the front and terminating under two buttons. The belt is of satin and the standing collar of guipure. A short, open jacket with revers of white pique accompanies the gown. The hat of tobacco brown straw is trimmed with blue ribbon.

VARIOUS NOTES.

The Graceful Fichu—Light Spangles For Summer Trimming.

The popular demand for capes, fichus of various forms and light vestments of every style of plain and decorated lace has filled the shops with an immense number of such articles.

These are often very cheap, but made of coarse lace, and consequently soon soil and become rough. Any one who is neat handed can make these fichus and have one of really good lace and velvet or satin for less than the price of an inferior sort ready made.

Jet is as fashionable as ever and as heavy. Their light weight is the chief advantage that black spangles have over jet, for they are not so rich looking, although more flashing, but as they may be worn in immense numbers without greatly increasing the weight of the garment they adorn many women prefer them for summer trimming. The inside of the very full folds that are the distinguishing feature of the new skirts are ornamented with jet em-

BODICE.

broideries or embroidered lace or passementerie. This is laid on in stripes, broken or continuous. Capes are treated in the same manner.

Parisian shops are selling quantities of small pieces of light furniture, simply made of white deal, these to be covered at home with plush, cretonne or other upholstering fabric by the deft fingers of the mistress of the house. The goods are nailed on with invisible nails which come for the purpose, and the edges are afterward concealed by gimp fastened with gilt headed tacks. Small tables thus covered are particularly satisfactory, either for the drawing room in velvet or for the bedroom in flowered chintz to match the hangings and cushions. The liberty fabrics are beautiful for this purpose, both the stamped velvets and the cretonnes.

Scotch plaids, so called, continue to be worn in Paris by fashionable women, although they are not seen everywhere. In summer silks they are especially liked and are often very effective. The bodice shown in the sketch has a blouse of embroidered tulle over sky blue silk, ornamented with a curiously cut bertha of deeper blue velvet bordered with sky blue. The balloon sleeves, which reach to the elbow, are of red and deep blue plaid on a sky blue ground. The draped collar and belt are of blue velvet.

HOME OF THE COLD WAVE.

Valley of Eastern British Columbia Said to Be Its Starting Place.

It is frequently asked: Where do cold waves originate? The coldest portion of the North American continent, says the Washington Post, is, in all probability, in the Saskatchewan Valley, east of Mount Hooker and Mount Hood, both of which are situated in the Rocky Mountain range that divides British Columbia from the valley and the Alberta country. The height of this mountain range prevents the eastern trend or flow of vapor from the Pacific Ocean from crossing over into the valley, as it would were it not for the presence of this high range of mountains. Yet it must not be supposed that extreme cold always prevails here, because at certain intervals the vapor from the Pacific flows east by way of the Alaska peninsula, through the upper valley of the Athabasca River into Alberta and the valley of the Saskatchewan, and there meeting with a more southern and eastern flow of vapor that flows through the gap in the mountain range, made by the Bay of San Juan, it warms and expands the atmosphere, crosses the path of the cold wave, and a warmth of from 20 to 40 degrees is the result, as we often see graphically marked on the weather map by red dots here and there on its surface. But this does not satisfactorily answer why it is that the cold wave leaves its home in the above mentioned valley to go junketing on a southern tour. To find the cause of those successive cold waves which we experienced from time to time last winter we will have to look in quite another direction, down to the northern tropical latitude, where the great evaporation of those warm currents and ocean surfaces is carried westward from the Atlantic Ocean by the trade winds, and is massed together between the winds of the eastern off-shore winds, blowing sometimes from Florida, and at other times from Texas, but in either case promoting cyclonic action, which has the effect of enlarging the area of the storm, and the immediate result is an enormous expansion of atmosphere usually denominated "low." As this "low" moves across the surface of the middle or eastern states it pours down large quantities of water in the shape of rain, and is constantly receiving accessions of cloud matter to replenish its energies; and thus in this manner it creates more or less of a vacuum into which the air from the northwest is drawn with more or less momentum, and the cold wave is completed.

Pleasant and River Streets.

Marriage Changed His Mind.

First Gentleman (entering the apartment of second gentleman)—About a year ago you challenged me to fight a duel.

Second Gentleman (sternly)—I did, sir.

First Gentleman—And I told you that I had just been married, and I did not care to risk my life at any hazard.

Second Gentleman (haughtily)—I remember, sir.

First Gentleman (bitterly)—Well, my feelings have changed. Any time you want to fight let me know.—Household Words.

She Was an Observer.

"You have brought new sunshine into my life," he said rapturously.

"Do you mean that?" she asked timidly.

"Of course I mean it. Can you doubt me?"

"Oh, of course, I know you wouldn't intentionally misrepresent. But you know a young man so often thinks a girl has brought sunshine into his life, when in reality it's only moonshine."—Mercury.

Edged Tools.

There was a poor widow named Steven,
The mother of children eleven;
Four went out for fun
On the Fourth with a gun,
And after she counted but seven.

HER IDEA OF IT.

Thomas Planter—Here, you see tobacco as it grows in the field.
Miss Calls—Charming! How long will it be before the cigarettes are ready for picking?—N. Y. Herald.

An Excusable Tip.

Bilkins—Seems to me the custom of tipping is spreading everywhere. It's outrageous!

Wilkins—In some cases it is excusable.

"I'd like to know in what cases?"

"Well, you can't get weighed without tipping the beam, you know."—N. Y. Weekly.

Sure Signs.

May—The dress-reform women want a law passed requiring men to wear some distinct dress to denote whether they are married or single.

Agnes—What nonsense! When a man goes down the avenue in last year's hat and baggy trousers what idiot would think he was single?—N. Y. World.

His Only Qualification.

First-Nighter—The man who writes the dramatic criticisms for your paper does not know a good play from a bad one.

Editor—I know it, but what can we do? He is the only man on the staff who is tall enough to see over the ladies' hats.—Pearson's.

Yet He Meant Well.

"Young man," said the near-sighted passenger, "would you mind getting up and giving this old gentleman a seat?"

"Sir!" exclaimed the bloomer girl and the bearded lady simultaneously.—Chicago Tribune.

She Had Him.

Britisher—Why is it that you American girls always use the vulgar word "lots?"

Heiress—Well, it may be a vulgar word, but if we only have enough of the corner kind we can have the pick of you swell Londoners.—N. Y. World.

His Experience.

Banker (to applicant for clerkship)—Have you had any experience in a bank?

Applicant—Yes, sir; I was a depositor in one until the cashier ran away with all the funds.—Harper's Bazar.

Severe.

Cholly Playwrite—Snifkins, why did you leave the theater after the first act of my new opera last night?

Snifkins—I saw by the programme that there were two more acts to follow.—Town Topics.

Not the Answer She Wanted.

Teacher—Children, you should always respect your teacher. Now, Willy Green, tell me why you should respect me?

Willy—On account of your age.—Puck.

A Superfluous Question.

Doctor—You wish me to tell you the truth?

Patient (feebly)—Yes, doctor, if you please.

"You are not afraid of death?"

"I have been a baseball umpire."—Texas Sittings.

At Church.

Tired Child—Mamma, how much did you put in the collection?

Mother—A quarter, my dear.

Tired Child—Well, this preacher gives an awful lot for the money.—Demorest's Magazine.

An Inference.

"You have saved my daughter at the risk of your own life from a watery grave, young man. May I infer from this that you have the means to establish a household of your own?"—Fliegende Blätter.

Willy's Explanation.

Indeed I think I know why knots are always found in trees immense; 'Tis so that there may be some holes for small boys in the baseball fence.

—Puck.

Not a Seminary.

"What sort of an establishment is that across the way?"

"They teach drawing, music and dancing."

"A young ladies' seminary?"

"No, a dentist's parlor."—Alex Sweet, in Texas Sittings.

Only a Trifling Exaggeration.

Elder Sister—I know Mr. Pescadde is not handsome, but you do him injustice when you say he has a face that can stop a clock.

Younger Sister—Well, it can stop it almost. It seems to make it go mighty slow, anyhow.—Chicago Tribune.

A Crank's Fate.

Friend—That old crank, Whitehair, who always refused to have a doctor, died last night.

Dr. Dorem—I knew it. I knew it would happen. I prophesied forty years ago that he would die some time.—N. Y. Weekly.

POWERFUL ADVERSARIES

Our special sales will make for us
this title ere long.

We are not content to lay still; we want to die game if killing is in order. MONDAY, July 1, marks another mile-stone for us, we have just received a large line of Summer Clothing and together with the stock on hand will make a week's special on them, prices and goods that will make the bells of clothing sales of the past toll most dolefully.

Summer Suits	Formerly	Now
"	\$7	\$4.50.
"	\$10	Now \$7.50
"	\$12	Now \$8.50
"	\$15	Now \$11

Either in Cheviots or Cassimeres and any size or style. The marks on the goods as they were previously sold are very plain. We do not say they are reduced to half of what they originally brought that would be preposterous. Making such a statement would mean that you had been paying ridiculously high prices for clothing in the past. This week's sale will prove to people our honesty in dealing.

Performance begins at 7 a. m. sharp and lasts all day and all night if necessary. Lowell, the Hustler.

Plenty of Eatables.

Every housewife uses, or thinks she uses, the very best of ingredients in her cooking, and yet how many of them are deceived, simply because a pure food product has never been on the market, and proves beyond a doubt that it is pure. The Perfection baking powder has stood well and analyzed from one of the most prominent chemists in the country, and its purity should recommend it to every lady. Give it a trial.

Galleries Close Sundays.

Commencing July 7, the photographic gallery in the city will be closed Sundays until October 1.

Hanged for a Montana Murder.

Helena, Mont., July 2.—Clay Pugh was hanged at Boulder, thirty miles from Helena, yesterday for the murder of Chauncey W. West, a conductor on the Montana Union Railway. Pugh was stealing a ride on West's train and the conductor put him off. As West swung around to signal the engineer to go ahead Pugh shot him twice in the back.

"DOUBLE-BARRELED NAMES."

Use of the Hyphen Is Usually a Piece of Snobbery.

Hyphenated names in Europe may be divided into two categories—namely: those wherein the hyphen is a mere piece of snobbery and affectation, and those wherein it is consequent upon a legal obligation. The latter are in the minority and are borne almost invariably by legatees and their descendants, who have inherited property, usually real estate, contingent upon their taking the name of the testator on to their own. Or else they are men who have married heiresses and been accepted as husbands for the latter on the condition that they should append the family name of their wives to their own patronymic. People in the other category who use the hyphen merely with the object of creating the impression that they are of more ancient lineage than is really the case invariably prefix, instead of appending, the additional name. And it is this that enables one to distinguish the "bona-fide double-barrel," as Lord Randolph Churchill used to call them, from those who are not. For you have only to ask Mr. Ponsonby-Jones for the name of his paternal grandfather in order to find out that the old gentleman was a simple Jones, devoid of the aristocratic Ponsonby; whereas in the case of surnames adopted in deference to testamentary dispositions one will invariably find on inquiry that the paternal grandfather and ancestors bore the first of the two patronymics. The persons who make use of hyphenated names without being compelled to do so are usually the owners of patronymics ex-cruciatingly plebeian, who hope, vainly it is true, to redeem the commonplace character of their name by prefixing thereto one calculated, they trust, to create the impression that they are connected with some of the great houses of the nobility. Thus it is quite common to find Montmorency-Smiths, Plantagenet-Robinsons, and Vere de Vere-Browns.

To Satisfy His Curiosity.

"What are you doing on the bureau, Tommy?"
"Standin' before the lookin' glass," said Tommy. "Wanted to see how I'd look 'f I was twins."—Harper's Young People.

Their Idea of Life.

"The great trouble with young men who want to see life," said the corn-fed philosopher, "is that they imagine that there is none of it worth seeing by daylight."—Cincinnati Tribune.
